

Smile. There's an affordable way to care for your teeth.

Helping you stay healthy

Taking care of your teeth can be expensive. That's why dental insurance is so important — it not only pays for preventive care that can keep you and your family healthy, but it also helps pay for more extensive, costly and often unexpected expenses — such as fillings, crowns and root canals. Plus, you save money and have the assurance that you are getting the care you want when you use one of our in-network dentists.

Why choose Guardian® for your dental coverage

- We have been providing outstanding dental plans to millions of Americans for more than 50 years. When you enroll in a Guardian Dental plan, you have access to one of the nation's largest dental networks, so you know there's always great dental care close by.
- From preventive checkups and cleanings, to comprehensive oral care treatments, we have you covered.

How Guardian Dental can help save you money*

Here is an example of how much a root canal can cost when you have dental insurance and use an in-network dentist vs. not having insurance.

| | |
|---|--------------|
| Cost with no dental insurance | \$2,400 |
| Cost with Guardian Dental and using in-network dentist | \$1,600 |
| Your estimated savings with Guardian Dental Insurance: | \$800 |

It's easy to use your plan

To find an in-network dentist go to guardianlife.com or download Guardian's 'Find a Provider and ID Card' app to your mobile device.

Get the benefits of having Guardian Dental

- No ID cards needed
- Quick and easy claim payments
- Convenient payroll deduction
- Most plans cover 100% of preventive care costs
